Lower Defence Budget

4479. SHRI EKANATH K. THAKUR: Will the Minister of DEFENCE be pleased to state:

(a) whether it is a fact that although India has the fourth largest military in the world, Indian Defence spending over the years has been in the region of 2.5 per cent of GDP, while Pakistans' military budget is around 4 per cent of GDP and unofficial estimates of Chinese military budget is also the same;

(b) whether it is also a fact that the most striking ommission in this budget is that no separate provision has been made for the proposed Aerospace Command and this issue is particularly important against the backdrop of China's recent anti-satellite missile testing; and

(c) if so, the reasons therefor?
